Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities of North Central Missouri College, Trenton, Missouri (the College), as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of North Central Missouri College, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of North Central Missouri College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Member of The Leading Edge Alliance

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, pension information, and other postemployment benefit information be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion on or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise North Central Missouri College, Trenton, Missouri's basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2022, on our consideration of North Central Missouri College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering North Central Missouri College's internal control over financial reporting and compliance.

Management's Discussion and Analysis

North Central Missouri College

Management's Discussion and Analysis

Year Ended June 30, 2022

Using the Annual Report

The Management's Discussion and Analysis is an overview of the financial position and activities of North Central Missouri College. Management of the College prepared this discussion. It should be read in conjunction with the basic financial statements and notes that follow.

This annual report consists of a series of financial statements prepared in accordance with the Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. GASB statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that financial statements be presented on a combined basis to focus on the College as a whole.

Overview of the Basic Financial Statements & Financial Analysis

The financial statement presentation format provides a comprehensive, entity-wide perspective of the College's assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, changes in net position, and cash flows. The basic financial statements are designed to provide readers with a broad overview of finances and operations of the College. The College reports its activity as a business-type activity using the full accrual basis of accounting. The emphasis of discussions about the basic financial statements will be on current year data. The annual financial report of the College includes the following three financial statements presented with notes to the financial statements: the *Combined Statement of Net Position*; the *Combined Statement of Revenues, Expenses and Changes in Net Position*; and the *Combined Statement of Cash Flows*.

Combined Statement of Net Position

The Combined Statement of Net Position presents information on all the College's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the College is improving or deteriorating. The purpose of the Combined Statement of Net Position is to present to the readers of the financial statements a fiscal "snapshot" of the College.

The College's total assets at June 30, 2022, were \$54,632,589, an increase of 11.24%, as reported in the asset section of the Combined Statement of Net Position. Total assets are comprised of current assets in the amount of \$26,791,375 and non-current assets of \$27,841,214. Current assets are cash and other assets expected to be converted into cash or consumed in the subsequent fiscal year. Non-current (capital) assets consist primarily of property and equipment, net of related depreciation.

Capital assets, net of accumulated depreciation, increased from \$24.7 million to \$27.8 million.

The liability section reports total liabilities of the College at June 30, 2022, of \$8,854,149. Current liabilities are obligations of the College that reasonably expect to be liquidated within the next twelve months. The College's current liabilities in the amount of \$4,584,511 consisted of accounts payable and accrued liabilities and student deposits and credits (unearned tuition revenue).

North Central Missouri College

Management's Discussion and Analysis

Year Ended June 30, 2022

Non-current liabilities are long-term obligations of the College that are payable at some date beyond the following fiscal year. Non-current liabilities of \$4,269,638 are comprised of the College's postemployment health care plan liability (OPEB), the cumulative accrued value of college employees' vacation/sick leave plans, net pension liability, and long-term debt at June 30, 2022. Long-term obligations decreased from \$10,855,975 to \$4,269,638. The inclusion of the net pension liability is the result of GASB 68, which addresses accounting and financial reporting for pensions that are provided to the employees of state and local governmental employers through certain pension plans. As with most public K-12 school districts and community colleges in the state, NCMC participates in the Public School and Education Employee Retirement Systems of Missouri (PSRS & PEERS). PSRS and PEERS are Defined Benefit (DB) pension plans providing lifetime retirement benefits to qualified members based on a formula set by Missouri law. These pension plans are not 100% funded, thus resulting in possible future liability if outflows were to exceed inflows. The amount reflected in the financial statement is the PSRS/PEERS net pension liability portion attributed directly to NCMC.

Condensed Combined Statement of Net Position, June 30, 2022 and 2021

	2022	2021
Assets		
Current assets	\$ 26,791,375	\$ 24,440,184
Capital assets	27,841,214	24,670,593
Total Assets	<u>54,632,589</u>	<u>49,110,777</u>
Deferred Outflow of Resources		
Deferred outflows	3,822,588	3,406,413
Liabilities		
Current liabilities	4,584,511	4,067,177
Noncurrent liabilities	4,269,638	10,855,975
Total Liabilities	<u>8,854,149</u>	<u>14,923,152</u>
Deferred Inflow of Resources		
Deferred inflows	<u>7,630,782</u>	<u>945,770</u>
Net Position		
Net investment in capital assets	26,984,713	24,670,593
Restricted	10,345,222	7,265,350
Unrestricted	4,640,311	4,712,325
Total Net Position	<u>\$ 41,970,246</u>	<u>\$ 36,648,268</u>

In the net position section of the Combined Statement of Net Position, there are three main categories of net position. The first category is, "Net Investment in Capital Assets," which provides the College's equity in property, plant, and equipment. The second category is "Restricted Net Position," which consists of expendable resources that are available for expenditure by the College but must be spent for purposes as determined by donor(s) and/or external entities that have placed purpose and/or time restrictions on the use of the assets. The third category is "Unrestricted Net Position," that is available to be used by the College for any lawful purpose.

North Central Missouri College

Management's Discussion and Analysis

Year Ended June 30, 2022

The total net investment in capital assets increased for the fiscal year by 9.38% to \$26,984,713. This increase is due to more additions to capital assets in the current year.

The restricted net position of the College of \$10,345,222 is comprised of the College and Foundation restricted assets.

The remaining amount of net position is classified as unrestricted. The unrestricted net position at June 30, 2022, decreased by 1.53% to \$4,640,311.

Combined Statement of Revenues, Expenses, & Changes in Net Position

Changes in total net position, as reported on the Combined Statement of Net Position, is based on the activity presented on the Combined Statement of Revenues, Expenses, and Changes in Net Position. The purpose of this statement is to report the operating and non-operating revenues received by the College, and the operating and non-operating expenses paid by the College, along with any other revenues, expenses, and gains/losses received or spent by the College.

In general, operating revenues are received in return for providing goods and services to customers and constituents of the College. Operating expenses are those expenses paid to acquire or produce the goods and services provided in exchange for operating revenues, and to carry out the mission and operations of the College. Operating revenues and expenses are considered to be exchange transactions.

Non-operating revenues are revenues received for which goods and services are not provided in return for the revenues. State appropriation funds provided by the Missouri State Legislature to the College are reported as non-operating revenue because the Legislature does not receive commensurate goods or services for these revenues. Local property tax revenues and investment income received are also reported as non-operating revenues since goods and services are not provided in exchange for the revenues. Certain grants like Pell and HEERF are presented as non-operating revenue due to the lack of exchange of services for the grant funding. Non-operating revenues and expenses are considered to be non-exchange transactions.

Some of the highlights of the information presented on the Condensed Combined Statement of Revenues, Expenses and Changes in Net Position are as follows:

- Instruction comprises the single largest allocation (29,6%) of operating expenses at \$6,948,002 during the current fiscal year (as pass-thru dollars, scholarships/fellowships are removed from this calculation).

North Central Missouri College

Management's Discussion and Analysis

Year Ended June 30, 2022

The following is a condensed summary of the change in net position, with prior year comparable data:

Condensed Combined Statement of Revenues, Expenses, and Changes in Net Position, June 30, 2022 and 2021

	2022	2021
Total Operating Revenues	\$ 13,516,186	\$ 12,815,968
Total Operating Expenses	23,489,861	23,265,304

Total	\$ 23,489,861	\$ 23,265,304

North Central Missouri College

Management's Discussion and Analysis

Year Ended June 30, 2022

Combined Statement of Cash Flows

The final statement presented by the College is the Combined Statement of Cash Flows. The Combined Statement of Cash Flows is prepared using the direct method and presents detailed information about the cash activity of the College during the year. The statement shows the major sources and uses of cash. A summary of the cash flows for fiscal year 2022, with comparable data from 2021, is as follows:

	<u>2022</u>	<u>2021</u>
Cash Provided (Used) By		
Operating Activities	\$ (9,897,049)	\$ (8,818,624)
Non-Capital Financing Activities	15,115,375	12,604,046
Capital Financing Activities	(2,429,486)	(2,058,647)
Investing Activities	<u>1,146,124</u>	<u>539,950</u>
Net Change in Cash	3,934,964	2,266,725
 Cash - Beginning of Year	 <u>8,574,891</u>	 <u>6,308,166</u>
Cash - End of Year	<u><u>\$ 12,509,855</u></u>	<u><u>\$ 8,574,891</u></u>

Debt and Capital Assets

At June 30, 2022 the combined debt for the College was \$856,501. This was due to entering into a new agreement for dormitories.

Combined capital assets of the College were \$27,841,214 (net of accumulated depreciation) as of June 30, 2022. This represents an increase of \$3,170,621 from the prior year.

Factors Impacting Future Periods

The College experienced a small enrollment dip for 2021-2022 as the higher education industry continued to rebound from the COVID pandemic. However, initial enrollment reports for FY23 show an increase in student headcount and credit hours. Once again, NCMC was able to continue with successful marketing, recruiting, and retention strategies that are proving effective and keeping credit hour production above national and state community levels. The College has developed a Strategic Enrollment Management group to develop future strategies for improved enrollment and retention. The development of a site in the western part of the service area is underway and the College expects future periods of steady growth.

The College received an increase in state appropriations for FY22 and with another increase in FY23. This is welcoming news for community colleges across the state as over the past few years, there have been reductions and fluctuations in the State appropriations for higher education. Even with the recent increases, a close watch over College resources and expenses is critical to ensure the ability to plan for and react to future internal and external issues. The College has successfully managed its instructional and financial operations and will maintain a focus on financial strength in its net position and improving a diverse revenue stream.

North Central Missouri College

Management's Discussion and Analysis

Year Ended June 30, 2022

Economic Outlook

The College is not aware of any currently known facts, decisions, or conditions that are expected to have a significant effect on the financial position or results of operations during this fiscal year beyond those unknown variables having a global impact on virtually all types of business operations.

NCMC management is responsible for compliance with the ever-increasing and changing laws, regulations, and provisions of contracts and grant agreements applicable to the College. In conformity with the U.S. generally accepted accounting principles, management will continue to adopt, improve, and document sound accounting policies and procedures in order to maintain internal control and prevent and detect fraud.

Contacting the College's Financial Management

This financial report is designed to provide our citizens, taxpayers, students, and investors with a general overview of the College's finances and to show the College's accountability for the money it receives. If you have questions about this report or need additional information, contact:

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

1. Summary of Significant Accounting Policies

North Central Missouri College was created in 1925, as Trenton Junior College and operates under an elected Board of Trustees form of government. North Central Missouri College is comprised of all or a part of the following counties: Andrew, Atchison, Caldwell, Clinton, Daviess, Dekalb, Gentry, Grundy, Harrison, Holt, Linn, Livingston, Mercer, Nodaway, Putnam, and Sullivan.

The accounting methods and procedures adopted by the College conform to accounting principles generally accepted in the United States of America as applied to governmental entities. The following notes to the basic financial statements are an integral part of the College's basic financial statements.

Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Financially accountable means the primary government is accountable for the component unit and the primary government is able to impose its will or the component unit may provide financial benefits or impose a burden on the primary government. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The College is a primary government, which is governed by an elected six-member board. As required by accounting principles generally accepted in the United States of America, the College has evaluated the above criteria to determine whether any other entity meets the definition of a component unit and must be included in these financial statements. The component units discussed below are included in the College's reporting entity because of the significance of its operational or financial relationships with the College.

Component Unit

Blended Component Unit

The North Central Missouri College Foundation is governed by a separate board. Although legally separate from the College, the North Central Missouri College Foundation is reported as if it were part of the primary government because its sole purpose is to raise monies for scholarships and the benefit of the College.

Basis of Accounting and Measurement Focus

For financial reporting purposes, the College is considered a special purpose government engaged only in business-type activities. Accordingly, the College's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting, which is similar to that often found in the private sector. The measurement focus is upon income determination, financial position, and cash flows. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

The College adopted GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis - for Public Colleges and Universities*, during the year ended June 30, 2003. GASB Statement No. 35 established standards for external financial reporting for public colleges and universities, which is meant to present information in a format that more closely resembles that of the private sector. The College reports as a business-type activity, as defined by GASB Statement No. 35.

The College's resources are classified for accounting and reporting purposes into the following net position categories:

Net Investment in Capital Assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.

Restricted: Net position whose use by the College is subject to externally imposed stipulations that they can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time. When the College is able to use restricted expendable assets or unrestricted assets, it uses the restricted assets first. The College's restricted net position reflect unspent tax levy proceeds restricted for debt service and unspent contributions with purpose restrictions.

Unrestricted: Net position that is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

It is the College's policy to first use restricted net position prior to the use of unrestricted net position when expenditures are made for purposes for which both restricted and unrestricted net position are available.

Cash and Cash Equivalents

For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash and cash equivalents.

Investments

Investments are carried at fair value, which approximates market value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Capital Assets

Capital assets, including land, buildings, improvements, infrastructure, and equipment assets, are reported in the business-type activities. Capital assets are defined by the College as assets with an initial, individual cost of more than \$5,000 and an initial useful life of one year or greater. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed less interest income earned on debt proceeds.

Buildings, improvements, infrastructure, and equipment assets are depreciated using the modified half-month depreciation method, (straight line depreciation with a half month depreciation if placed in service before the middle of the month, otherwise no depreciation until the next full month) over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	20 to 40
Furniture and Equipment	5 to 7

Compensated Absences

Vacation time, personal business days, and sick leave are recorded as expenses and liabilities in the fiscal year earned. Unpaid vacation, personal, and sick leave are recorded as compensated absences in the statement of net position.

Receivables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. Student accounts receivable are uncollateralized student obligations. These receivables are stated at the billed amount less applied scholarships and loan proceeds.

Inventories

Bookstore materials and supplies are carried in an inventory account at lower of cost or market with costs being determined on a first in, first out basis and are subsequently charged to supplies and other services when sold or when consumed.

Unearned Revenues

This is future revenue received primarily from early enrollments for the Fall 2022 semester. This revenue will be recognized as income when earned during the 2022-2023 fiscal year. At June 30, 2022, unearned revenues consisted of unearned tuition of \$2,364,576.

Property Tax Revenue Recognition

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are due and payable at that time. All unpaid taxes levied November 1 become delinquent after December 31 of that year.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Classification of Revenues

The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as student tuition and fees net of scholarship discounts and allowances; sales and services of auxiliary enterprises; some federal, state, and local grants and contracts. Revenue from operating sources is recognized when earned.

Nonoperating Revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, state apportionments, certain grants without equal value given/received such as Pell and Education Stabilization Funds, property taxes, investment returns, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities that Use Proprietary Fund Accounting*, and GASB Statement No. 34.

Property Tax Revenue Recognition

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and are due and payable at that time. All unpaid taxes levied November 1 become delinquent after December 31 of that year.

Scholarship Allowances and Aid

Student tuition and fee revenues are presented net of financial assistance and scholarships applied to student accounts. Federal Direct Loans are accounted for, as prescribed by the National Association of College and University Business Officers, as third-party payments and, thus, not reflected in the financial statements.

Federal Student Financial Assistance Programs

The College participates in the following federal student financial aid programs: Federal Pell Grant, Federal Supplemental Education Opportunity Grant, Federal Work Study, and Federal Direct Loan Programs. Federal programs are audited in accordance with the Single Audit Act Amendments of 1996, and the *Compliance Supplement* Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance).

Post-Employment Health Care Benefits

Retiree Benefits

The College offers post-employment health care benefits to all employees who retire from the College. Retirees are eligible as long as they receive retirement benefits under the Public School Retirement System. Retirees pay 100% of their own premiums.

COBRA Benefits

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the College makes health care benefits available to eligible former employees and their eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured each month. This program is offered for a duration of 18 months after the employee's termination date. There is no associated cost to the College under this program.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Fair Value

The fair value measurement and disclosure framework provides for a fair value hierarchy that gives highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. There have been no significant changes from the prior year in the methodologies used to measure fair value. The levels of the fair value hierarchy are described below:

Level 1: Inputs using quoted prices in active markets for identical assets or liabilities

Level 2: Inputs using significant other observable inputs including quoted prices for similar assets or liabilities

Level 3: Inputs are significant unobservable inputs

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Currently, the College has two items that qualify for reporting in this category: deferred amounts relating to the retirement plan and deferred other post-employment benefit outflows.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The College has two items that qualify for reporting in this category, deferred pension inflows relating to the retirement plan and deferred inflows relating to post-employment benefits. These amounts are recognized as an inflow of resources in the period that the amounts become available.

Income Tax Status

The College is exempt from income taxes as a local government unit. The Public Building Corporation and the Foundation have qualified for exemption from income tax under Section 501(c)(3) of the Internal Revenue Code.

2. Cash, Cash Equivalents, & Investments

College

By State statute, the College may invest in Certificates of Deposit, U.S. Treasury Bills, and other obligations of the U.S. Government, U.S. Government Agency, or a corporation guaranteed by the full faith and credit of the U.S. Government.

The College categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

As of June 30, 2022, the College had the following investments:

Investments	Maturity	Not Subject to Fair Value
Certificates of Deposit	11/5/2021 - 2/9/2023	\$ 2,040,615

Interest Rate Risk and Credit Risk

State law permits public colleges to invest in obligations of the State of Missouri or U.S. Government and obligations of government agencies. The College does not have a formal investment policy that limits investments and maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk

For an investment, custodial rate risk is the risk that, in the event of failure of the counter party, the College will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. State statutes require that the College's deposits with financial institutions must be collateralized in the name of the College by the trust department of a bank that does not hold the collateralized deposits.

As of June 30, 2022, all bank balances on deposit were fully insured or collateralized with appropriate securities. At June 30, 2022, the bank balances and certificates of deposit of the College totaled \$9,056,568. Of this amount, \$4,930,033 was covered by FDIC Insurance and the remaining was supported by collateral, held by banks in the College's name that do not hold the collateralized deposit.

Certificates of Deposit

All certificates of deposit are at various financial institutions and are fully collateralized in the name of the College.

Concentration of Credit Risk

The College places no limit on the amount the College may place at any one institution. More than 15% of the total cash and investments are in the following institutions as of June 30, 2022:

- Citizens Banks - \$2,291,644
- Farmers Bank of Northern Missouri - \$2,095,866
- BTC Bank - \$3,932,690

Foundation

Investments at June 30, 2022, consisted of the following:

Investments	Maturity	Not Subject to Fair Value	Fair Value Level 1	Fair Value Level 2	Total
Certificates of Deposit	11/8/2023	\$ 28,050	\$ -	\$ -	\$ 28,050
Multi-strategy Equity Funds	N/A	-	4,211,826	-	4,211,826
Multi-strategy Bond Funds	N/A	-	-	1,815,881	1,815,881
		<u>\$ 28,050</u>	<u>\$ 4,211,826</u>	<u>\$ 1,815,881</u>	<u>\$ 6,055,757</u>

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Interest Rate Risk

The Foundation does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk

At June 30, 2022, the bank balances and certificates of deposit of the Foundation totaled \$4,020,238. All Foundation deposits were FDIC insured as of June 30, 2022. Other investments are invested in multi-strategy equity funds and bond funds and are subject to custodial credit risk. Custodial risk is the risk that, in the event of failure, the Foundation's deposits may not be recovered.

Credit Risk

The Foundation has no investment policy that would limit its investment choices. The Foundation's investment objectives would be conservative to moderate with a return objective of current income and capital appreciation.

Certificates of Deposit

All certificates of deposit are at various financial institutions and are fully collateralized in the name of the College.

Multi-strategy Equity and Bond Funds

The Foundation has \$4,211,826 invested in multi-strategy equity funds and \$1,815,881 invested in multi-strategy bond funds with Commonfund. Multi-strategy funds are not rated as they are made up of a pool of funds.

Concentration of Credit Risk

The Foundation places no limit on the amount the Foundation may invest in any one issuer. The Foundation's investments are in mutual funds that meet the Foundation's investment and return objectives.

3. Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The counties collect the property tax and remit it to the College.

The assessed valuation of the tangible taxable property for the calendar year 2021 for purposes of local taxation was:

Real estate	\$ 66,915,888
Personal property	29,133,464
Total Assessed Valuation	<u><u>\$ 96,049,352</u></u>

The tax levy per \$100 of the assessed valuation of tangible taxable property for the calendar year 2021 for purposes of local taxation was:

General Fund	<u><u>\$.3990</u></u>
--------------	------------------------

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Article VI, Section 26(b), Constitution of Missouri, limits the outstanding amount of authorized general obligation bonds to 5 percent of the assessed valuation of the college. The legal debt margin of the College at June 30, 2022, was:

Constitutional debt limit	\$ 4,802,468
General obligation bonds payable	-
Legal Debt Margin	<u><u>\$ 4,802,468</u></u>

4. Retirement Plan

Public School Retirement System of Missouri and Public Education Employee Retirement System of Missouri

Summary of Significant Accounting Policies

Financial reporting information pertaining to the College's participation in the Public School Retirement System of Missouri and the Public Education Employee Retirement System of Missouri (PSRS and PEERS, also referred to as the Systems) is prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended.

The fiduciary net position, as well as additions to and deductions from the fiduciary net position, of PSRS and PEERS have been determined on the same basis as they are reported by the Systems. The financial statements were prepared using the accrual basis of accounting. Member and employer contributions are recognized when due, pursuant to formal commitments and statutory requirements. Benefits and refunds of employee contributions are recognized when due and payable in accordance with the statutes governing the Systems. Expenses are recognized when the liability is incurred, regardless of when payment is made. Investments are reported at fair value on a trade date basis. The fiduciary net position is reflected in the measurement of the College's net pension liability, deferred outflows and inflows of resources related to pensions and pension expense. An Annual Comprehensive Financial Report ("ACFR") can be obtained at www.psrs-peers.org.

General Information about the Pension Plan

Plan Description. PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school districts in Missouri (except the school districts of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of PSRS, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the State of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Sections 169.070 (9) RSMo, known as the "two-thirds statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

PEERS is a mandatory cost-sharing multiple employer retirement system for all non-certificated public school district employees (except the school districts of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered districts/colleges who work 20 or more hours per week on a regular basis and who are not contributing members of PSRS must contribute to PEERS. Employees of PSRS who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600 - 169.715 and Sections 169.560 - 169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of PSRS.

Benefits Provided. PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Actuarially age-reduced benefits are available for members with 5 to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

PEERS is a defined benefit plan providing retirement, disability, and death benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the "Rule of 80" (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Members qualifying for "Rule of 80" or "30-and-out" are entitled to an additional temporary benefit until reaching minimum Social Security age (currently age 62), which is calculated using a 0.8% benefit factor. Actuarially age-reduced retirement benefits are available with 5 to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the "Rule of 80" but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Summary Plan descriptions detailing the provisions of the plans can be found on the Systems' website at www.psrs-peers.org.

Cost-of-Living Adjustments (COLA). The System's Board of Trustees has established a policy of providing a 0% COLA for years in which the CPI-U increases between 0.00% and 2.00%, a 2.00% COLA for years in which the CPI-U increases between 2.00% and 5.00%, and a COLA of 5.00% if the CPI-U increase is greater than 5.00%. If the CPI-U decreases, no COLA is provided. For any PSRS member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of benefits and occur annually thereafter. For PEERS members, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Contributions. PSRS members were required to contribute 14.5% of their annual covered salary during the fiscal year 2022. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay.

PEERS members were required to contribute 6.86% of their annual covered salary during fiscal year 2022. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

The College's contributions to PSRS and PEERS were \$555,193 and \$349,921, respectively, for the year ended June 30, 2022.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2022, the College had a liability of \$1,547,431 for its proportionate share of PSRS net pension liability and \$277,846 for its proportionate share of PEERS net pension liability. In total the College had a net pension liability of \$1,825,277. The net pension liability for the plans in total was measured as of June 30, 2021 and determined by an actuarial valuation as of that date. The College's proportionate share of the total net pension liability was based on the ratio of its actual contributions paid to PSRS and PEERS of \$520,845 and \$324,289, respectively, for the year ended June 30, 2021, relative to the total contributions of \$744,694,744 for PSRS and \$125,712,392 for PEERS from all participating employers. At June 30, 2021, the College's proportionate share was 0.0699% for PSRS and 0.2580% for PEERS.

For the year ended June 30, 2022, the College recognized pension expense (income) of (\$384,051) for PSRS and \$14,952 for PEERS, its proportionate share of the total pension expense (income). Pension expense is the change in the net pension liability from the previous reporting period to the current reporting period, less adjustments. This may be a negative expense (pension income).

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources from the following sources related to PSRS and PEERS pension benefits:

	PSRS		PEERS		College Totals	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Balance of Deferred Outflows and Inflows Due to						
Differences between expected and actual experience	\$ 578,056	\$ 138,503	\$ 160,741	\$ 14,422	\$ 738,797	\$ 152,925
Changes of assumptions	634,885	-	149,430	-	784,315	-
Net difference between projected and actual earnings on pension plan investments	729,645	4,688,926	333,652	2,191,489	1,063,297	6,880,415
Changes in proportion and differences between employer contributions and proportionate share of contributions	115,953	379,096	76,800	-	192,753	379,096
Employer contributions subsequent to the measurement date	555,193	-	349,921	-	905,114	-
Total	<u>\$ 2,613,732</u>	<u>\$ 5,206,525</u>	<u>\$ 1,070,544</u>	<u>\$ 2,205,911</u>	<u>\$ 3,684,276</u>	<u>\$ 7,412,436</u>

Amounts reported as deferred outflows of resources resulting from contribution subsequent to the measurement date of June 30, 2021, will be recognized as a reduction to the net pension liability in the year ended June 30, 2023. Other amounts reported as collective deferred (inflows) / outflows of resources are to be recognized in pension expense as follows:

Year Ending June 30,	PSRS	PEERS	Total
2023	\$ (682,386)	\$ (273,874)	\$ (956,260)
2024	(706,330)	(258,303)	(964,633)
2025	(825,030)	(411,108)	(1,236,138)
2026	(1,016,418)	(542,003)	(1,558,421)
2027	82,178	-	82,178
	<u>\$ (3,147,986)</u>	<u>\$ (1,485,288)</u>	<u>\$ (4,633,274)</u>

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Actuarial Assumptions

Actuarial valuations of the Systems involve assumptions about probability of occurrence of events far into the future in order to estimate the reported amounts. Examples include assumptions about future employment, salary increases, and mortality. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Board of Trustees adopts actuarial assumptions, each of which individually represents a reasonable long-term estimate of anticipated experience for the Systems, derived from experience studies conducted every fifth year and from Board policies concerning investments and COLAs. The most recent comprehensive experience studies were completed in May 2021. All economic and demographic assumptions were reviewed and updated, where appropriate, based on the results of the study and effective with the June 30, 2021 valuation. Significant actuarial assumption and methods are detailed below. For additional information please refer to the Systems' Comprehensive Annual Financial Report. The next experience studies are scheduled for 2026.

Significant actuarial assumptions and other inputs used to measure the total pension liability:

Measurement Date: June 30, 2021

Valuation Date: June 30, 2021

Expected Return on Investments: 7.30%, net of investment expenses and including 2.00% inflation

Inflation: 2.00% per annum

Total Payroll Growth

- PSRS: 2.25% per annum, consisting of 2.00% inflation, 0.125% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.125% of real wage growth due to productivity.
- PEERS: 2.5% per annum, consisting of 2.00% inflation, 0.25% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.25% of real wage growth due to productivity.

Future Salary Increases

- PSRS: 2.625% - 8.875%, depending on service and including 2.00% inflation, 0.125% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.25% of real wage growth due to productivity, and real wage growth for merit.
- PEERS: 3.25% - 9.75%, depending on service and including 2.00% inflation, 0.25% real wage growth due to the inclusion of active health care costs in pensionable earnings, and 0.25% of real wage growth due to productivity, and real wage growth for merit.

Notes to the Financial Statements

June 30, 2022

Cost-of-Living (COLA) Increases

- PSRS & PEERS: Given that the actual increase in the CPI-U index from June 2020 to June 2021 was 5.39%, the Board approved an actual cost-of-living adjustment as of January 1, 2022 of 5.00% in accordance with the Board's funding policy and Missouri statutes, compared to an assumed COLA of 2.00%. Future COLAs assumption is based on the 20 year stochastic analysis of inflation performed in the 2021 experience study, the application of the Board's COLA policy, and the short-term expectations of COLA due to recent CPI activity. It is based on the current policy of the Board to grant a COLA on each January 1 as follows:
 - If the June to June change in the CPI-U is less than 2% for consecutive one year periods, a cost-of-living increase of 2% will be granted when the cumulative increase is equal to or greater than 2% at which point the cumulative increase in the CPI-U will be reset to zero. For the following year, the starting CPI-U will be based on the June value immediately preceding the January 1 at which the 2% cost-of living increase is granted.
 - If the June to June change in the CPI-U is greater than or equal to 2%, but less than 5%, a cost-of-living increase of 2% will be granted.
 - If the June to June change in the CPI-U is greater than or equal to 5%, a cost-of-living increase of 5% will be granted.
 - If the CPI decreases, no COLA is provided.
 - The COLA applies to service retirements and beneficiary annuities. The COLA does not apply to the benefits for in-service death payable to spouses (where the spouse is over age 60), and does not apply to the spouse with children pre-retirement death benefit, the dependent children pre-retirement death benefit, or the dependent parent death benefit. The total lifetime COLA cannot exceed 80% of the original benefit. PSRS members receive a COLA on the second January after retirement, while PEERS members receive a COLA on the fourth January after retirement.

Mortality Assumption

- Actives
 - PSRS: Experience-adjusted Pub-2010 Teachers Mortality Table for Employees projected from 2010 to 2018 using the MP-2020 improvement scale and multiplied by the healthy retiree experience-based adjustment factors at all ages for both males and females, with generational improvement after 2018 using the MP-2020 improvement scale.
 - PEERS: Experience- adjusted Pub-2010 General (Below-Median Income) Mortality Table for Employees projected from 2010 to 2018 using the MP-2020 improvement scale and multiplied by the healthy retiree experience-based adjustment factors at all ages for both males and females, with generational improvement after 2018 using the MP-2020. improvement scale.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

- Non-Disabled Retirees, Beneficiaries and Survivors
 - PSRS: Mortality rates for non-disabled retirees and beneficiaries are based on the Pub-2010 Teachers Mortality Table for Healthy Retirees and the Pub-2010 Teachers Mortality Table for Contingent Survivors, respectively. The tables are projected from 2010 to 2018 using the MP-2020 improvement scale and multiplied by the experience-based adjustment factors shown in the tables below at all ages for both males and females, with generational improvement after 2018 using the MP-2020 improvement scale.
 - Non-Disabled: males 1.10, females 1.04
 - Contingent Survivor: males 1.18, females 1.07
 - PEERS: Mortality rates for non-disabled retirees and beneficiaries are based on the Pub-2010 General (Below-Median Income) Mortality Table for Healthy Retirees and the Pub-2010 General (Below-Median Income) Mortality Table for Contingent Survivors, respectively. The tables are projected from 2010 to 2018 using the MP-2020 improvement scale and multiplied by the experience-based adjustment factors shown in the tables below at all ages for both males and females, with generational improvement after 2018 using the MP-2020 improvement scale.
 - Non-Disabled: males 1.13, females 0.94
 - Contingent Survivor: males 1.01, females 1.07
- Disabled Retirees
 - PSRS & PEERS: Experience-adjusted Pub-2010 Teacher Disability Mortality Table, projected from 2010 to 2018 using the MP-2020 improvement scale and multiplied by the healthy retiree experience-based adjustment factors at all ages for both males and females, with generational improvement after 2018 using the MP-2020 improvement scale.

Changes in Actuarial Assumptions and Methods:

- PSRS & PEERS: An experience study was completed in May 2021 resulting in an update to the following assumptions:
 - The long-term inflation assumption was decreased from 2.25% to 2.00%.
 - The expected return on assets assumption was decreased from 7.50% to 7.30%.
 - The cost-of-living increase assumption was changed to be 2.00% on January 1, 2022, 2023, and 2024, and 1.35% on each January 1 thereafter.
- PSRS:
 - The total payroll growth assumption was decreased from 2.75% to 2.25%.
 - The future salary growth assumption was decreased from 3.00%-9.50%, depending on service, to 2.625%-8.875%, depending on service.
 - The mortality assumptions were changed to reflect the PubT-2010 (Teacher) mortality tables, with adjustments based on actual member mortality experience from 2015-2020, and to incorporate future mortality improvement on a generational basis in accordance with the MP-2020 improvement scale.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

- Other demographic assumptions were also changed based on actual member demographic experience from 2015-2020.
- PEERS:
 - The total payroll growth assumption was decreased from 3.25% to 2.50%.
 - The future salary growth assumption was decreased from 4.00%-11.00%, depending on service, to 3.25%-9.75%, depending on service.
 - The mortality assumptions were changed to reflect the PubG-2010(B) (General Employee, Below-Median Income) mortality tables, with adjustments based on actual member mortality experience from 2015-2020, and to incorporate future mortality improvement on a generational basis in accordance with the MP-2020 improvement scale.
 - Other demographic assumptions were also changed based on actual member demographic experience from 2015-2020.

The Fiduciary Net Position: The Systems issue a publicly available financial report that can be obtained at www.psr-peers.org.

Expected Rate of Return: The long-term expected rate of return on investments was determined in accordance with Actuarial Standard of Practice (ASOP) No. 27, *Selection of Economic Assumptions for Measuring Pension Obligations*. ASOP No. 27 provides guidance on the selection of an appropriate assumed rate of return. The long-term expected rate of return on the Systems' investments was determined using a building-block method in which best-estimate ranges of expected future real rates of returns (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Systems' target allocation as of June 30, 2021, are summarized below.

Asset Class	Target Asset Allocation	Long-Term Expected
		Real Return Arithmetic Basis
U.S. Public Equity	23.0%	4.81%
Public Credit	0.0%	0.80%
Hedged Assets	6.0%	2.39%
Non-U.S. Public Equity	16.0%	6.88%
U.S. Treasuries	20.0%	-0.02%
U.S. TIPS	0.0%	0.29%
Private Credit	8.0%	5.61%
Private Equity	16.0%	10.90%
Private Real Estate	11.0%	7.47%
Total	100.0%	

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Discount Rate: The long-term expected rate of return used to measure the total pension liability was 7.30% as of June 30, 2021, and is consistent with the long-term expected geometric return on plan investments. The actuarial assumed rate of return was 7.3% as of June 30, 2021 and is consistent with the long-term expected geometric return on plan investments. The Board of Trustees adopted a new actuarial assumed rate of return of 7.3% effective with the June 30, 2021, valuation based on the actuarial experience studies conducted during the 2021 fiscal year. The projection of cash flows used to determine the discount rate assumed that employer contributions would be made at the actuarially calculated rate computed in accordance with assumptions and methods stated in the funding policy adopted by the Board of Trustees, which requires payment of the normal cost and amortization of the unfunded actuarially accrued liability in level percent of employee payroll installments over 30 years using a closed period, layered approach. Based on this assumption, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Discount Rate Sensitivity: The sensitivity of the College's net pension liability to changes in the discount rate is presented below. The College's net pension liabilities calculated using the discount rate of 7.30% is presented as well as the net pension liabilities using a discount rate that is 1.0% lower (6.30%) or 1.0% higher (8.30%) than the current rate.

	Discount Rate	1% Decrease (6.30%)	Current Rate (7.30%)	1% Increase (8.30%)
PSRS	Proportionate share of the Net Pension Liability (Asset)	\$ 6,229,840	\$ 1,547,431	\$ (2,329,366)
PEERS	Proportionate share of the Net Pension Liability (Asset)	2,352,802	277,846	(1,453,750)
		<u>\$ 8,582,642</u>	<u>\$ 1,825,277</u>	<u>\$ (3,783,116)</u>

Payable to the Pension Plan: At June 30, 2022, the College reported a payable of \$163,869 for the outstanding amount of PSRS contributions and \$58,783 for the outstanding amount of PEERS contributions to the pension plan required for the year ended June 30, 2022.

5. Accounts Receivable

Accounts receivable are presented net of allowances for uncollectible accounts receivable. As of June 30, 2022, these amounts were as follows:

	College	Foundation	Total
Accounts Receivable	\$ 5,787,559	\$ -	\$ 5,787,559
Allowance	(333,297)	-	(333,297)
Net Accounts Receivable	<u>\$ 5,454,262</u>	<u>\$ -</u>	<u>\$ 5,454,262</u>

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

6. Claims & Adjustments

The College participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulation, the college may be required to reimburse the grantor government. As of June 30, 2022, significant amounts of expenditures have not been audited by grantor governments, but the College believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual government funds or the overall financial position of the College.

7. Long-Term Debt

On November 25, 2020, the College entered into an agreement with Weldon Builders for the development and construction of a dormitory in the total amount of \$2,056,501. Prior to completion, the College advanced Weldon Builders \$1,200,000, which was used to pay down the total on the agreement at completion of the project, which occurred during the year ending June 30, 2022. The agreement requires annual payments of \$82,485 with interest at 5% through November 2036. In the event of default, Weldon Builders may use the property in any manner necessary to mitigate the losses associated with said default. The following is a schedule of the future payments under the agreement (assuming noncancellation):

Year Ending June 30,	Direct Borrowing		
	Principal	Interest	Total
2023	\$ 40,012	\$ 42,473	\$ 82,485
2024	41,661	40,824	82,485
2025	43,726	38,759	82,485
2026	45,947	36,538	82,485
2027	48,228	34,257	82,485
2028 - 2032	279,811	132,614	412,425
2033 - 2037	357,116	55,309	412,425
	<u>\$ 856,501</u>	<u>\$ 380,774</u>	<u>\$ 1,237,275</u>

Long-term debt activity for the year ended June 30, 2022, is as follows:

Outstanding Balance, July 1, 2021	\$ -
Additions	2,056,501
Retirements	(1,200,000)
Outstanding Balance, June 30, 2022	<u><u>\$ 856,501</u></u>

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

8. Capital Assets

The College's capital assets consist of the following as of June 30, 2022:

	Balance July 1, 2021	Additions	Retirements	Balance June 30, 2022
Non-depreciable Capital Assets				
Land	\$ 2,738,693	\$ 324,188	\$ -	\$ 3,062,881
Construction in progress	49,680	2,635,896	-	2,685,576
Total Non-depreciable Capital Assets	2,788,373	\$ 2,960,084	\$ -	5,748,457
Depreciable Capital Assets				
Buildings and improvements	29,217,643	\$ 2,270,744	\$ -	31,488,387
Furniture and equipment	9,706,919	411,780	-	10,118,699
Total Depreciable Capital Assets	38,924,562	\$ 2,682,524	\$ -	41,607,086
Less accumulated depreciation	(18,379,342)	\$ (1,134,987)	\$ -	(19,514,329)
Total Depreciable Capital Assets, net	20,545,220			22,092,757
Capital Assets, net	\$ 23,333,593			\$ 27,841,214

The College has elected not to capitalize its collection of library books. This collection adheres to the College's policy to (a) maintain them for public exhibition, education, or research; (b) protect, keep unencumbered, care for, and preserve them; and (c) require proceeds from their sale to be used to acquire other collection items. Generally accepted accounting principles permit collections maintained in this manner to be charged to operations at the time of purchase rather than be capitalized.

The Foundation capital assets consist of the following as of June 30, 2022:

	Balance July 1, 2021	Additions	Retirements	Balance June 30, 2022
Nondepreciable Capital Assets				
Land	\$ 1,337,000	\$ -	\$ 1,337,000	\$ -

9. Restricted Net Position

Net position is reported as restricted when there are limitations imposed on its use either through enabling action adopted by the College or through external restrictions imposed by creditors, grantors, donors, or laws or regulations of other governments. At June 30, 2022, net position consisted of \$500,101 for capital projects, \$171,875 for grant-specific programs, and \$9,673,246 through the Foundation for donor-imposed restricted Foundation activities.

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

10. Risk Management

The College is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Since its inception, the College has transferred its risk by obtaining coverage from commercial insurance companies or a public risk entity pool. In addition, it has effectively managed risk through various employee education and prevention programs. There has been no significant reduction in insurance coverage from the previous year.

11. Expenses by Natural Classification

Expenses by natural classification for the year ended June 30, 2022, were as follows:

	College	Foundation	Eliminations	Combined
Salaries	\$ 8,533,960	\$ -	\$ -	\$ 8,533,960
Fringe benefits	1,303,128	-	-	1,303,128
Student support	1,890,696	-	-	1,890,696
Supplies and services	6,249,303	244,897	-	6,494,200
Scholarships and fellowships	3,725,313	234,926	(212,035)	3,748,204
Utilities	384,686	-	-	384,686
Depreciation	1,134,987	-	-	1,134,987
	<u>\$ 23,222,073</u>	<u>\$ 479,823</u>	<u>\$ (212,035)</u>	<u>\$ 23,489,861</u>

12. Post-Employment Health Care Plan

Summary of Significant Accounting Policies

Financial reporting information included in the notes to the financial statements pertaining to the College's Post-Employment Benefits Other than Pension (OPEB) Plan are prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, as applicable to the College's accrual basis of accounting.

General Information about the OPEB Plan

Plan Description: The College's health benefit plan (defined benefit OPEB plan) is administered by the College. The College does not pre-fund benefits. The current funding policy is to pay benefits directly from general assets on a pay-as-you-go basis and there is not a trust for accumulating plan assets. Eligible participants are employees who are eligible for normal or early retirement under PSRS or PEERS. Normal retirement age is the earlier of age 60 with 5 years of service, age plus service equal to 80 points ("Rule of 80"), or any age with 30 years of service. Early retirement is age 55 with 5 years of service. Retirees may cover spouses and eligible dependent children. Surviving spouses can continue coverage after retiree's death.

Benefits Provided: The College's OPEB plan provides medical, including prescription drugs, and dental insurance coverage for eligible retirees and their dependents. Retirees can continue coverage past Medicare eligibility age (age 65).

North Central Missouri College

Notes to the Financial Statements

June 30, 2022

Employees covered by benefit terms: At June 30, 2022, the following employees were covered by the benefit terms:

Retired employees and beneficiaries currently enrolled	6
Active employees and beneficiaries currently enrolled	197
Spouses of retirees currently enrolled	5
	<u>208</u>

Actuarial Methods and Assumptions: The total OPEB liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

- Measurement Date: June 30, 2022
- Valuation Date: June 30, 2022
- Actuarial Cost Method: Entry Age Normal
- Inflation: 2.40%
- Salary Increases: 3.00% per annum
- Discount Rate: 3.54% per annum based on the 20 year bond GO index at June 30, 2022.
- Healthcare Cost Trend Rates: Medical cost trend rate of 5.3% for 2022, gradually decreasing to an ultimate rate of 3.8% for 2073 and beyond. Healthcare trends were generated by the Getzen Model.
- Retirement: 40% of employees who retire prior to age 65 are assumed to elect medical coverage under the plan.
- Mortality: Pub-2010 Teachers Mortality for Employees and Healthy Annuitants, with generational project per Scale MP-2021.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at June 30, 2021	\$ 1,128,735
Changes for the year	
Service cost	127,972
Interest on total OPEB liability	26,657
Effect of economic/demographic gains or losses	(88,187)
Effect of assumptions changes or inputs	(144,137)
Benefit payments	(45,457)
Balance at June 30, 2022	<u>\$ 1,005,583</u>

Sensitivity Analysis

The following presents the total OPEB liability of the College at the actuarial valuation date of June 30, 2022, calculated using the discount rate of 3.54%, as well as what the College's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower 2.54% or one percentage point higher 4.54% than the current rate.

	1% Decrease (2.54%)	Current Rate (3.54%)	1% Increase (4.54%)
Total OPEB Liability	\$ 1,116,292	\$ 1,005,583	\$ 908,554

The following presents the total OPEB liability of the College at the actuarial valuation date of June 30, 2022, calculated using the current healthcare cost trend rates, as well as what the College's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage point lower or one percentage point higher than the current trend rates.

	1% Decrease	Current Trend Rate	1% Increase
Total OPEB Liability	\$ 885,241	\$ 1,005,583	\$ 1,151,171

OPEB Expense and Deferred Inflows and Outflows of Resources Related to OPEB

For the year ended June 30, 2022, the College recognized OPEB expense of \$148,166. At June 30, 2022, the College reported deferred outflows of resources and deferred inflows of resources from the following sources related to OPEB:

	Deferred Inflows of Resources	Deferred Outflows of Resources
Balance of Deferred Inflows and Outflows Due to:		
Differences between expected and actual experience	\$ (78,795)	\$ 28,294
Changes of assumptions	(139,551)	110,018
Total	\$ (218,346)	\$ 138,312

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB are to be recognized in OPEB expense as follows:

Year Ending June 30,	
2023	\$ (6,463)
2024	(6,463)
2025	(6,463)
2026	(6,463)

Other Reporting Requirements

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Trustees
North Central Missouri College
Trenton, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of North Central Missouri College, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise North Central Missouri College's financial statements, and have issued our report thereon, dated December 7, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered North Central Missouri College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses, or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether North Central Missouri College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of North Central Missouri College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering North Central Missouri College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "KPM CPAs, PC". The letters are cursive and fluid, with the "K" and "P" being particularly prominent.

Independent Auditors' Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance

Board of Trustees
North Central Missouri College
Trenton, Missouri

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited North Central Missouri College's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on North Central Missouri College's major federal programs for the year ended June 30, 2022. North Central Missouri College's major federal programs are identified in the Schedule of Audit Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, North Central Missouri College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of North Central Missouri College, and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the College's federal programs.

Member of The Leading Edge Alliance

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on North Central Missouri College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about North Central Missouri College's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding North Central Missouri College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of North Central Missouri College's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001. Our opinion on each major federal program is not modified with respect to this matter.

Government Auditing Standards requires the auditor to perform limited procedures on the College's response to the noncompliance finding identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The College's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a significant deficiency.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2022-001 to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on North Central Missouri College's response to the internal control over compliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. The College's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

North Central Missouri College

Notes to the Schedule of Expenditures of Federal Awards

Year Ended June 30, 2022

1. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the Schedule) includes the federal grant activity of North Central Missouri College under programs of the federal government for the year ended June 30, 2022. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of North Central Missouri College, it is not intended to and does not present the financial position, changes in net position, or cash flows of North Central Missouri College.

2. Summary of Significant Accounting Policies

1. Expenditures reported in the Schedule are reported on the accrual basis of accounting, which is described in Note 1 to the College's basic financial statements.
2. Pass-through entity identifying numbers are presented where available.
3. The College elected not to use the 10% de minimis indirect cost rate.

3. Loan Programs

The College participates in the Federal Direct Student Loan Program, which provides federal loans directly to the students rather than through private lending institutions. The College is responsible only for the organization of the loan (e.g., determining student eligibility and disbursing loan proceeds to the borrower). The Direct Loan Servicer is then responsible for the overall servicing and collection of the loan.

The amount reported on the Schedule of Expenditures of Federal Awards for the loan program represents the total value of the loans awarded and paid to the College's students during the year ended June 30, 2022.

North Central Missouri College

Schedule of Findings and Questioned Costs

Year Ended June 30, 2022

Section I – Schedule of Audit Results

Financial Statements		
Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:		Unmodified

Schedule of Findings and Questioned Costs

Year Ended June 30, 2022

Section III – Findings Required to be Reported by the Uniform Guidance

Significant Deficiency and Compliance

U.S. Department of Education

Student Financial Assistance Cluster

Assistance Listing Numbers: 84.007, 84.033, 84.063 & 84.268

Award Year: 2021-2022

2022-001 Special Test and Provisions – Return of Title IV Funds

Criteria: In accordance with 34 CFR 668.173(b), the College must return Title IV funds within 45 days after the date the College determined the student withdrew.

Condition: The College did not return unearned Title IV funds within the prescribed timeframe.

Context: A sample of 20 R2T4 calculations revealed that one student had Title IV funds returned later than the allowable timeframe. All funds were returned in the proper order and amount.

Effect: Title IV funds were not returned in a timely manner.

Cause: The College did not have specific procedures in place to ensure timely reporting of withdrawals by instructors, which in turn, did not provide enough time for the College to identify, prepare, and return funds within the required timeframe.

Questioned Costs: The questioned costs would be insignificant due to the funds being returned in the proper order and amount.

Recommendation: We recommend the College implement procedures to strictly comply with the requirements of 34 CFR 668.173 as it relates to the return of Title IV funds.

Response: Through the processes the NCMC Financial Aid Office had in place, the affected student (an official withdraw) was missed until determination of unofficial withdraws at the end of the semester. To ensure the NCMC Financial Aid Office complies with the requirements of 34 CFR 668.173 as it relates to the return of Title IV funds, an additional weekly report was implemented to identify all withdraws and confirm an R2T4 calculation was performed (if required).

Summary Schedule of Prior Audit Findings

Year Ended June 30, 2022

There were no prior year audit findings.

Corrective Action Plan

1301 Main Street
Trenton, MO 64683
www.ncmissouri.edu

December 7, 2022

U.S. DEPARTMENT OF EDUCATION

North Central Missouri College respectfully submits the following corrective action plan for the year ended June 30, 2022.

Contact information for the individual responsible for the corrective action:

Mr. Tyson Otto, Vice President of Business & Finance
North Central Missouri College
1601 Main Street
Trenton, MO 64683
(660) 359-3948

Independent public accounting firm: KPM CPAs, PC, 1445 E Republic Rd, Springfield, Missouri 65804

Audit Period: Year Ended June 30, 2022

The finding from the June 30, 2022, audit of the financial statements is below. The finding is numbered with the number assigned in the schedule.

FINDING – MAJOR FEDERAL AWARD PROGRAM AUDIT

2022-001 Special Test and Provisions – Return of Title IV Funds

Recommendation: The College implement procedures in order to strictly comply with the requirements of 34 CFR 668.173 as it relates to the return of Title IV funds.

Corrective Action Taken: To ensure the NCMC Financial Aid Office complies with the requirements of 34 CFR 668.173 as it relates to the return of Title IV funds, an additional weekly report was implemented to identify all withdrawals and confirm an R2T4 calculation was performed (if required).

Anticipated Completion Date: Fall semester 2022 and ongoing.

Sincerely,

A handwritten signature in black ink, appearing to read "Tyson Otto".

Tyson Otto
Vice President of Business & Finance
