Issuance Date: 7/31/2023
Subject: Sub-State Monitoring Policy

Responsible Representative: The Workforce Development Board of North Missouri (WDB) Compliance Coordinator and Fiscal Manager are responsible for monitoring activities. The WDB does not operate programs, all programs are operated by sub-recipients, and therefore the selected monitors are independent of the duties or systems being monitored.

Accountability: WDB staff prepares and submits annual monitoring reports to the Board, Chief Local Elected Officials (CLEOs), and Office of Workforce Development (OWD).

- **Risk Assessment** - Prior to issuing any award under WIOA title I, the WDB will conduct a risk assessment to assess the Sub-recipient's overall ability to administer Federal funds as required under 2 CFR 200.205. As part of the assessment, the WDB will consider any information that has come to its attention and will consider the organization's history with regard to the management of other grants. The tool created by the WDB will take into account the organization's financial stability, quality of management systems and standards, history of performance, timeliness of compliance, conformance to terms and conditions of previous awards, reports, and findings from audits, and ability to implement effectively statutory, regulatory, or other requirements. This Risk assessment will be completed annually following the completion of all other monitoring and will be part of the contract award or renewal process.
- **One-Stop Operator** - The WDB will conduct an annual review of their one-stop operator to ensure compliance with the requirements outlined in 20 CFR 678.620, as well as the responsibilities outlined in the current MOU and One-Stop Operator Contract. The monitoring tool used by the WDB will ensure the One-Stop Operator complies with the requirements of WIOA, the activities per the SOW, performance reporting requirements, and the terms and conditions of the contract or agreement governing the one-stop operator. If it is determined that the one-stop operator is not meeting expectations, corrective action must be taken, which may include contract termination.
- **Program Monitoring** – The WDB will conduct quarterly monitoring of each sub-recipient.
